Fed. grand jury
Wichita Falls RA

Based on info received contacted SA William E. Logg, SRA at Wichita Falls RA and advised of need to identify cases presented before FGJ at W.F. in '64. Subsequently Logg called back & state Deputy ~~District~~ Court Clerk on A/L until 9/8 so he had called Offic of USA at Ft. Worth and asked USA's secty for info. About 3:25 pm Logg called back & state Secty mentioned this request to USA McCown he became

somewhat perturbed and had called the Dept. for guidance + instructions. I told Lyon to call USA himself and explain nature of your inquiry and if he had any questions to call Conley at Dallas Office.

At 3:40 PM USA Frank D. McCown telephoned and stated he did not know purpose of inquiry and secondly asked what date of JFK assassination. I told him the date was 11/22/63 and as for purpose of our inquiry he no doubt was aware

of certain recent public publicity concerning Oswald which he readily acknowledged. I informed him we were inquiring into the matter but declined certain info that made it necessary to identify Bureau cases presented before the FJT & W.F. in 1964 so we could ascertain the identity of agents who appeared. McCown stated he had called Executive Office of the USA & got authority to release info noting that this is not public information and he felt

it might be necessary to obtain a court order under Rule E. Also cited Freedom of Information considerations. He did state that in 1964 there were 3 FGJs in district:

1) January '64 in Amarillo
2) April 6, 1964 in Dallas
3) October 7, 1964 in Wichita Falls which lasted for 3 days 10/7, 8 + 9.

McCann said when he heard back from Dept he would have an assistant Alex McGlinchey call

me at Dallas. He stated he should be able to furnish names of agents scheduled to appear. I told Mr. Conn if Dept had further questions that DAG Tyler, now in Switzerland and Asst Ag Thornburg, Criminal Div. who were familiar with our reason for being here and knew the details
